

FORNI ELETTRICI PER PIZZA E GASTRONOMIA
ELECTRIC OVENS FOR PIZZERIAS AND GASTRONOMY

CITIZEN EP

GARANZIA 24 MESI
24 MONTHS WARRANTY

IT I forni elettrici CITIZEN EP sono ideali per la cottura della pizza in teglia o direttamente sul piano in materiale refrattario. Il minimo ingombro esterno li rende perfetti per locali con spazi ridotti che non vogliono rinunciare a una produttività costante. La camera di cottura ospita fino a 4 pizze da 33 cm di diametro.

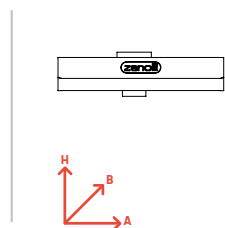

EN Electric CITIZEN EP ovens are ideal for cooking pizza in a tray or directly on the refractory material floor. The small external footprint makes it perfect for venues where, even with reduced space, there is no intention of foregoing continuous production. The oven chamber holds up to 4 pizzas of 33 cm in diameter.
